

Wilson Science News

Welcome to 7th Grade Biology!

You will enjoy the increased activities and the engagement of working with peers as you explore the many different facets of hands on learning. You will also become aware that your attitude and study habits are crucial to your success in this class.

About Your Biology Teacher

Mrs. Wilson was born in Washington, DC. She has been teaching middle school for 12 years. She has a 4 year old son and has been married for 15 years. Mrs. Wilson loves order and organization. She loves when students come to class with their materials and is prepared. Mrs. Wilson believes that each student in her class is part of a big family and demands respect and cooperation from each member. Mrs. Wilson believes hardwork and dedication is the key to success. Let's have fun and learn all we can in biology 101.

Materials Needed

1. 1" inch 3 ring binder
2. 1 pack of 5 tab dividers
3. ruler
4. highlighters
5. color pencils and markers
6. pencils/blue/black ink pens
7. 1 composition notebook
8. 1 USB flashdrive
9. pencil sharpener
10. erasers
11. loose leaf notebook paper

Attendance is Crucial!

Try as hard as you can to be in class every day! When you are absent it is very important that you catch up your work quickly. Check Mrs. Wilson's website while you are home to see what you are missing. When you return, check the, While you were Absent crate to pick up your make up work. Check with Mrs. Wilson and your group to see if there are any labs or tests you need to make up before or after school.

Safety in the Lab:

The science classroom is a laboratory. Only SAFE behavior is allowed! Safety violations will be issued for inappropriate and dangerous behavior and can result in the loss of lab privileges.
